

3 Ways to show/hide

1

Request price

```
add_filter('woocommerce_empty_price_html', 'bbloomer_poa_and_enquiry_cf7_woocommerce');

function bbloomer_poa_and_enquiry_cf7_woocommerce() {

if ( is_product() ) {
    $html .= '<button type="submit" id="trigger_cf" class="single_add_to_cart_button button alt">
Request Price</button>';
    $html .= '<div id="product_inq" style="display:none">';
    $html .= do_shortcode('[gravityform id="1" title="true" description="true"]');
    $html .= '</div>';
    return $html;
}
}

add_action( 'woocommerce_single_product_summary',
'bbloomer_on_click_show_cf7_and_populate', 40);

function bbloomer_on_click_show_cf7_and_populate() {}
```

FORM:

```
[gravityform id="1" title="true" description="true"]
```

jQuery (to show / hide form):

```
jQuery('#trigger_cf').on('click', function(){
    if ( jQuery(this).text() == 'Request Price' ) {
        jQuery('#product_inq').slideDown({ 'height': 'toggle' }, 300);
        jQuery("#trigger_cf").html('Close');
    } else {
        jQuery('#product_inq').animate({ 'height': 'toggle' }, 300);
        jQuery("#trigger_cf").html('Request Price');
    }
});
```

2

Read more / Show less - change button (btn) text

jQuery

```
jQuery(function($){
  $(".btn1").click(function(){
    $(".p2").slideToggle( "slow" );
  });
  $(".btn1").on("click", function() {
    var el = $(this);
    el.text() == el.data("text-swap")
      ? el.text(el.data("text-original"))
      : el.text(el.data("text-swap"));
  });
});
```

CSS

```
.btn1 {
  color:#367FC6;
  cursor: pointer;
}
```

HTML

```
<div class="p2">
  ...
</div>
```

3

Simple toggle

HTML

```
<button>Klik hier.</button>
<div class="jl-toggle">
  ...
</div>
```

jQuery

```
jQuery(function($){
  $( "button" ).click(function() {
    $( ".jl-toggle" ).slideToggle( "slow" );
  });
});
```
